NEWLYWED TESTIMONIALS

Mike was absolutely amazing!! We got so lucky finding him for our wedding videography. Mike was always super responsive and the final videos were amazing. My husband and I were in tears watching it!

-Jonathan & Stefanie Dube

Mike was able to capture and highlight all the right moments from the day, so we can relive them every time we see the video. The editing is very professional and comes together beautifully. When you look at the finished product, you not only see that Mike has many years of experience shooting but also his artistic touch as he is able to focus in and pull out all the right moments into a beautiful montage. Mike was really nice, approachable and helpful. We could not recommend him more, stop looking and book him NOW!

-Ara & Zuzana Matevossian

We had Mike from LiFi Media Production as our videographer for our wedding, and we truly could not be happier. Communication was so easy leading up to the wedding, and the videos that Mike created for us were unbelievable. We will forever be grateful for LiFi Media Production/Mike creating videos that we will cherish for the rest of our lives.

-Kevin & Samantha McCarthy

Working with Mike was an absolute pleasure! My husband and I had very few ideas for our vision at the start of the planning process. Mike was so helpful in guiding us and giving great ideas that added to our special day which we never would have thought of otherwise. He was attentive, professional, and highly responsive throughout the whole process. We could not be happier with our final wedding highlight film, and we have gotten so many compliments from friends and family! Thank you again Mike!!

-Nate & Chantelle Montmimy-Semple

Mike did my wedding video in October of this year and it came out amazing.. I didn't know what to expect and was blown away as were my friends and family!! Highly Recommend!!
